ALLIED FORCES LOST.

Chinese Repulse the Attack on the City of Tien Tsin.

HUNDREDS KILLED.

The Celestials Use Machine Guns from the Tops of the Wall—Two American Officers Killed and Several Are Wounded.

Tien Tsin, July 13, via Che Foo and Shanghai, July 16.—At 6 o'clock this evening 7000 allied troops were attempting to storm the wall of the city. The attack began at daylight. Its success is doubtful. Chinese on the walls are estimated conservatively at 20,000. They are pouring a terrific hail of artillery, rifle and machine gun fire upon attackers. The Americans, Japanese, British and French troops attacking from the west and Russians from the east.

The Americans suffered terribly. As an Associated Press representative left the field the chief surgeon of the Ninth infantry said a conservative estimate was that 25 per cent of the Americans were hit.

Colonel Wilson H. Liscum is reported to have been mortally wounded as he was walking in front of his troops. Major Ragan and Captains Buckmiller Wilcox and Noyes are among the wounded. Officers declared it was hotter than at Santiago.

When the correspondent left the Americans were lying in a plain between the wall and the river under an enfilading and direct fire. It was equally difficult, for them advance or retire.

The correspondent counted 300 wounded men all nationalities.

While the Chinese are making a stubborn resistance about Tien Tsin, they are making no attempt to regain Taku or to cut off the approach to Tien Tsin by river or railway. The entire distance is deserted by the natives and troops come up without seeing a Chinaman. Unguarded launches ply up and down with despatches. The restoration of the railway is being pushed forward.

The Chinese have a faculty of moving their guns rapidly and suddenly opening fire from a new point.

THREE HUNDRED KILLED.

Another Estimate of the Loss in the Attack at Tien Tsin.

London, July 16.—The News prints a Shanghai dispatch giving an account of the attack of the allied forces on the native city of Tien Tsin. According to the dispatch the allies were repulsed and were compelled to retreat with the loss of more than 300 killed, the British losing 40 and Japanese 60. The Americans and Russians also suffered heavily. Among the Americans killed were Col. French of the Twenty-fifth infantry and Colonel Liscum the Ninth infantry. A Russian colonel of artillery was killed. The dispatch adds that the Chinese fought with great desperation and their marksmanship was accurate and deadly.

MESSAGE FROM REMEY.

Colonel Liscum and Captain Davis Dead and Several Officers Wounded.

Washington, July 16.—The navy department has received official confirmation from Admiral Remy of the reverse of the allied forces at Tien Tsin on Friday. The dispatch is dated Che Foo, July 16, and says:

"It is reported the allied forces attacked the native city on July 13. Russians on the right with the Ninth infantry and marines on the left. Losses to the allied forces large. Russians, 100, including an artillery colonel; Americans, over 30; British, over 40; Japanese, 58, including a colonel, and French, 25. Col. Liscum of the Ninth infantry and Capt. Davis of the marine corps were killed. Captain Lemly, Lieutenants Butler and Leonard were wounded. At 7 in the evening the allied attack on the native city was repulsed with great loss. Returns are yet incomplete. Details are not yet confirmed."

In a degree the excitement reminiscent of the days of the Spanish war prevailed at the state, war and navy departments. Early in the day came Admiral Remy's dispatch conveying the ill tidings from Tien Tsin and for a time this obscured the Peking situation. The Ninth regiment is one of the crack regiments of the world and the terrible story of fatality in its ranks roused the fierce spirit of indignation and demand for vengeance among officers of the army and navy here that could not be repressed.

SHOT BY COMRADES.

Wounded British Soldiers Killed to Save Them from Torture.

New York, July 16.—A dispatch to The Journal from Tien Tsin, dated July 8, says:

Ineffectual attempts have been made to conceal the horrible fact that Admiral Seymour was compelled to shoot his own wounded during the recent disaster and retreat of the Peking relief expedition.

All the wounded and prisoners who fell into the hands of the Chinese were frightfully tortured. The bodies had been cut into pieces. First the eyes had been hacked out; then the cheeks, arms and legs cut off, until death ended the sufferings of the poor fellows.

When Admiral Seymour to his retreat found himself so hard pressed that he was unable longer to carry his wounded with him, he asked them:

"Which do you prefer to be left to the mercies of the Chinese or be shot by your comrades?" As Admiral Seymour put the question tears were running down his cheeks.

"We prefer death to torture. Shoot us now that we may die like men," was the piteous response of the helpless men.

A firing squad was told off, and while the little allied forces stopped and beat off with gunfire the Chinese horde that surrounded it inside its lines an act of mercy was performed as the firing squad carried out its orders.

A few merciful volleys from the rifles in the hands of friends and harassed expedition was relieved of its burden of wounded, the fanatical Chinese horde was cheated of victims for its torture and suffering and fears of the unfortunates were brought to an end in an honorable death under their own flag.

The British and American forces are brigaded together on the west side of the town, the Germans and Japanese on the south side, the French and Russians on the north and a force of Cossacks hold the east side.

Scouts report that imperial Chinese troops have arrived from Peking, well equipped and with many guns.

Troops of native cavalry and hordes of boxers are coming from the east and south.

REVENGE FAR DISTANT.

No Bright Prospect of Getting Even with Chinese for Peking Horrors.

London, July 16.—"Revenge today, mourning tomorrow" is practically the universal cry of Europe, but it is sorrowfully admitted there can be no revenge today or perhaps for many more tomorrows, for the incredible barbarities that are reported to have marked the last scenes within the legations at Peking. Nothing is clearer than that the antipathetic conflagration is rapidly permeating even in hitherto quiescent provinces and though it is recognized every day which leaves Peking in the power of the mob, increases the perils and difficulties of the situation, nothing comes from the diplomats of Europe to show the powers have overcome the jealousies, resulting in general impotency to which is commonly ascribed sacrifice of a handful of women, children and men comprising the international colony in Peking.

Nothing has been received today that adds to the information previously obtained regarding the massacres. The only ray of light extricable from Peking is the statement that Ching and his followers did their utmost in defense of the legations. The rebels, however, are evidently greatly in the majority and the few loyalists are helpless before the hordes who have joined and are daily joining the bloodstained cannals who have usurped authority at Peking.

The fate of the capitol appears to threaten other towns like Tien Tsin, Che Foo and even Shanghai. The defeat of the allied forces at Tien Tsin seems to place that town in desperate straits and if a retreat to Taku is necessitated the observers consider it will be likely to decide the policy of wavering viceroys.

The departure of Admiral Seymour from Tien Tsin and the movement of warships toward Shan Pi Kuan on the Gulf of Liao Tung, is taken to indicate that this route will be adopted for an advance on Peking which is a distance of 170 miles from Shan Hai Kuan.

Colonel French Not in China.

Washington, July 16.—The report that Colonel French of the Twenty-fifth infantry was killed at Tien Tsin is not understood at the war department. Officials state positively that Colonel French is not in China. There is but one Colonel French in the service and he commands the Twenty-second infantry, two battalions of which are in the Philippines and the third one in this country. On June 30, Colonel French was in New York on sick leave.

Captain Davis Was from Georgia.

Savannah, July 16.—Captain Austin R. Davis of the landing party at Tsin, who was killed Friday, was appointed to Annapolis from Savannah in 1890 by Congressman Rufus L. Lester. He was a son of Rev. L. B. Davis, now of Atlanta. He was attached to the battle-shipping Oregon, when she made her record-breaking trip into Cuban waters from the Pacific, and at the time he was killed was captain of the marines in the navy. News of his death caused a deep regret here.

Cabinet Council Called.

Washington, July 16.—Secretary Hay called a cabinet council this morning to consider the Chinese situation. Few cabinet officers are in the city and the only attendants were Secretaries Hay, Root, Long and Gage.

The council lasted for sometime and the situation was thoroughly discussed.

In all probability the president will come here within the next two or three days and remain a day or two. There is reason to believe 8000 or 10,000 troops will be gotten together as rapidly as possible, and hurried to China. Some of these probably will be taken from Cuba. If the situation requires more men congress will have to be called together to provide for them.

Peaceable Chinese Killed.

Washington, July 16.—An official report has come to the attention of the Chinese officials that 3000 Chinese officials at Peking petitioned Prince Tuan to protect the foreigners, whereupon Prince Tuan ordered all of those who united in the petition to be killed.

Hogs Mangled Lightning's Victims.

Jacksonville, Ills., July 16.—John Tyson, a farmer, living near Concord, in this county, was killed by lightning while in a hog pen, where he had taken refuge from the storm. The body was badly mangled by the hogs.

MORE TROOPS NEEDED

Not Enough Men in the Philippines
to Conquer the Natives.

OUTLOOK NOT BRIGHT

General Lawton's Assertion That One
Hundred Thousand Men Were
Needed Is Realized—Church
Assisting the Filipinos.

Manila, June 12.—[Correspondence of the
Associated Press.]—"More soldiers," is
the demand which is coming to General
MacArthur from every department of
the island. Recent events have worked
to vindicate General Lawton's judgment
that 100,000 troops would be needed to
establish sovereignty over the Philip-
pines. Until they attempted to hold
provinces of 2000 or 3000 hostile people
with a regiment or two, the American
commanders hardly realized the size of
the Filipino armies. The present force
is not large enough to garrison more
than half the important towns and in
some of the most important instances,
among them Cebu, Panay, Leyte, Samar
and the great Mohammedan Empire
of Mindanao, only the commercial ports
are occupied.

The church has become a troublesome
factor in General Young's territory. Ag-
lipay, the priest who has proclaimed
himself archbishop, is in the field as a
general. His forces attacked Captain
Dodd of the Third cavalry at Batoc,
where more than 200 of the Filipinos
were slain. Aglipay commanded in per-
son and there is an unproved report that
he was among the killed. His followers
fought with the recklessness of Moham-
medan fanatics. They approached the
Americans in three lines, with an ad-
vance guard of women arranged with
the expectation that the Americans
would not fire upon them.

General Young, who is holding several
mountain provinces of Luzon with four
regiments, expects severe work during
the rainy season. For some two months
after his bewildering invasion of the
north the insurgents were paralyzed, but
finding ample opportunities to reorgan-
ize, the insurgents have availed them-
selves of it. The troops have worn
themselves and horses to the limit of
endurance, charging the mountain trails
and striking the Filipinos where they
can get on the track of an unorganized
band. Hundreds have been slain, but
the work has been like sweeping away
mosquitoes which swarm down upon a
new spot.

After the women a line of bolomen
and others armed only with wooden
swords, no more dangerous than police-
men's clubs, and behind the bolomen
the riflemen. Happily the women threw
themselves flat on the ground and sought
shelter at the first fire, so that few of them
were injured. The soldiers thought that
they were men dressed in women's
clothes. The onslaught of the bolomen
was like the descent of the Mahdi's fan-
atics upon Kitchner's squad at Khar-
toun.

General Young has evidence that the
priests of the region have been sending
church contributions to Aglipay. Two
prominent priests are in jail charged
with aiding the insurrection and will be
tried by a military commission. Surveil-
lance is exercised over the finances of
some of the larger parishes.

Some of the American generals think
that the insurrection could be materially
crippled by the establishment of a St.
Helena for the Filipino leaders, ban-
ishing them to some island
where they could not give moral
and financial support of the re-
bellion. Guam is advocated as a possi-
ble and advantageous residence for
captured officers and civil officials.
Archbishop Chappelle is a supporter of
the idea. He believes the policy of
leniency is wasted upon Asiatics who
fail to understand the motives for it.

Fee Case Decided.

Waxahachie, Tex., July 16.—In the
case of Ellis county vs. Thompson, ex-
county clerk, to construe the excess
claims of the last fee bill, on trial in the
district court here, judgment was ren-
dered for defendant, the court holding
with Mr. Thompson that the clerk is en-
titled to one fourth of the entire excess
of fees collected above the salary fixed
by law. An appeal will be taken by the
county at once to the court of civil ap-
peals at Dallas.

Epidemic Among Stock.

Bonham, Tex., July 16.—Cattle and
hogs in this county and adjoining parts
of the Indian Territory are dying in
great numbers. The contagion seems to
exist mostly with blooded stock. Stock-
men are puzzled as to what the disease
is. Some pronounce it blackleg.

Colonel Hamilton Dead.

New York, July 16.—Colonel John
Hamilton, of the United States army,
retired, is dead in Brooklyn. He was
appointed to West Point from Indiana
in 1847. Was promoted several times
for gallantry in the civil war and re-
tired in August, 1887.

Buried Alive.

Santa Fe, July 16.—An old drift in the
Mother Lode mine, situated between
Hanover and Fierro and being worked
by Chonte & Johnson, caved in and
caught Aurelio Delgado, who was work-
ing therein, and buried him alive. His
body has not yet been recovered.

WARSHIPS AVAILABLE.

Several Vessels About Ready to Go to
China if There Is Need.

Washington, July 16.—Should the
American navy be needed for active
service in Chinese waters, it will be able
to do effective work. There are but few
ships undergoing repairs, and work on
them is being steadily pushed so that
they will be ready for service in a com-
paratively short time. The San Fran-
cisco is now at the Norfolk navyyard,
the Olympia at Boston, the Boston at
Mare Island and the Raleigh at Ports-
mouth.

The Marblehead and Detroit are un-
dergoing repairs and the Montgomery is
under orders to proceed to New York,
where she will be repaired. Orders have
been given by the navy department for
putting in condition for immediate ser-
vice all the torpedo boats. It is said in
naval circles that if all the vessels now
being repaired were needed they could
rapidly be put in condition for commis-
sion.

The Alliance will be converted into a
sailing ship, providing the board of in-
spection and surveys ordered the survey
of the ship, approves. The cruiser
Atlanta and gunboat Bancroft will soon
be recommissioned.

Rear Admiral Charles O'Neill, chief
of ordinance, is arranging for the ship-
ment of 3-inch field guns and Colt ma-
chine guns to China. There were re-
cently bought 50 3-inch field guns
and ammunition and 25 1-pounders.
The latter are intended for subcalibre
practice, but the former will be particu-
larly valuable in China. Some will be
shipped, probably with thirty Colt ma-
chine guns, by one of the colliers under
orders to proceed to the far east. It is
understood that the army bureau of or-
dinance has bought 25,000 rounds of am-
munition for the mountain batteries,
which are to be used against the
Chinese.

Message from Goodnow.

Washington, July 16.—Consul Gen-
eral Goodnow cabled the state depart-
ment under today's date that there
was nothing more to report since his
cablegram of July 13. That dispatch
reported that the attack on the legations
at Peking was about to begin. Goodnow's
statement is in direct contradiction of
the Shanghai story that all the foreign
consuls were informed Saturday by
Sheng that the legations had fallen and
the ministers killed.

Russians Hard Pressed.

Washington, July 16.—Japanese lega-
tion has received a dispatch dated Tokio,
July 10, stating that Russians guarding
Tien Tsin were severely pressed and
called on Japanese troops for assistance.
A combined attack was made on the
Chinese and the latter repulsed. The
Japanese lost two captains killed and 30
noncommissioned officers and privates
wounded.

This dispatch probably refers to one
of the early fights at Tien Tsin.

STORM AT CHICAGO.

Church Partially Wrecked and in the
Stomped Several Persons Hurt.

Chicago, July 16.—Hail, heat, hurri-
cane and rain struck various portions of
Chicago Sunday and gave the city one of
the most fantastic days from a meter-
ological standpoint of view that the local
weather bureau has ever encountered.

Despite the fact that the mercury
failed to climb to within two notches of
the record of Saturday, the heat was
more severely felt and the suffering was
greater. There were many prostrations
during the day, but only one death re-
ported, but of those prostrated five are
in a serious condition.

In the evening the hot winds which
had been blowing from the west all day
increased in violence. It tore down
signs, destroyed shrubbery and shade
trees, made sport with porch furnish-
ings and played havoc with buildings
under course of erection.

On the lake numerous and sudden
squalls made boating unpleasant and
even dangerous and there were but few
pleasure craft out. The church of the
Mystic Three was in the path of the
storm and was partly demolished. The
heavy cornice was blown from its fasten-
ings, carrying with it a part of the wall.

Five hundred persons who were in the
building were panicstricken. In the
rush to escape from the edifice several
persons were severely injured.

The Llano Cyclone.

Llano, Tex., July 16.—The cyclone
which struck this place late Sunday af-
ternoon did considerable damage to
property and several persons were in-
jured, but with the exception of a child
of Mr. Keel, none are seriously hurt.
The greatest damage is to stocks of goods
after the buildings were unroofed. Many
residences were blown from their founda-
tions and some badly wrecked.

Johnson Charged With Murder.

Chattanooga, July 16.—The body of
the murdered man found near Clevel-
and has been identified as that of Posey
Barker of Ducktown, and Jones Johnson
is in jail charged with the deed to which
he confessed.

Earle Blodgett Dead.

New York, July 16.—The death of
Earle Blodgett at Manila is announced.
He was for years a merchant of that
city, and was involved in many difficul-
ties owing to Spanish hatred of Ameri-
cans.

Twenty Per Cent Increase.

Washington, July 16.—The census
office has issued its first bulletin giving
the population of the District of Colum-
bia at 278,718. This is an increase since
the last census of 47,326, or 20.96 per
cent.

MORE BAD NEWS.

Minister Wu Receives a Reply to a Message Sent Requesting the Latest.

Washington, July 16.—Such news as came to Washington Sunday from China was very bad. It consisted of a cable to Minister Wu from Sheng the imperial director of posts and telegraph at Shanghai and according to the minister, was in reply to the urgent message he himself had sent to that official asking him to try to secure some news from the Chinese capital. This cablegram Minister Wu regarded as of such importance to carry in person directly to Secretary Hay, who was waiting at his home for news. This message was as follows:

"Peking news of July 7, says that Gen. Tuan Fuh Siang, in disobedience to imperial orders, was about to use guns. Legations and the government will be in peril."

This news is corroborative of that contained in a recent cablegram from Consul General Goodnow at Shanghai, although the consul general's dispatch gave his Peking news the date of the sixth, saying that the final attack upon the legations with guns was about to begin on July 7. It is surmised here that Mr. Goodnow got his news from Sheng, who is certainly in a position to be able to secure the news from Peking. Aside from the gloomy forecast given of the end of the terrible struggle of the legations against the inevitable, the significant feature of the measure is the coupling of the fate of imperial government with that of the foreign ministers.

Officials here get some satisfaction from this portion of the dispatch as it sustains them in the position they have held from the first that the Chinese government is not at war with Christendom, but is confronting a formidable insurrection. There still remains a suspicion that while Mr. Wu is undoubtedly acting with perfect sincerity, Sheng, who is represented to be a clever and adroit man, may know more of the actual happenings at Peking than he is willing to reveal at once. It is feared that he is trying to prepare the way for the disclosure of terrible news, hoping that by letting it come out gradually the blow will not fall with such severity and perhaps with such disastrous results to his own people as might be the case if the whole story were imparted to the world at once. This news, it may be noted, comes entirely from Chinese sources.

Is now 21 days since word has come directly from any of the unfortunates besieged in the legations at Peking. The last message from there was from Minister Robert Hart, the Englishman in charge of the Chinese customs service, and was of undoubted authenticity. It represented the situation of the legations as desperate and implored help. The last word from Minister Conger came to the state department from Peking under date of June 12. At that time he asked that Seymour's international relief column, which was even doomed to fail, should signal its approach when near Peking. This was one month and three days ago and it would be an unprecedented defense for such an inadequate and illfitted and provisioned force as was at the command of the foreign ministers, to hold out for that length of time.

Minister Wu's cablegram from Sheng could not be taken as an answer to the cipher message he forwarded at Secretary Hay's request to China, in the effort to get it through to Mr. Conger. That was a message was sent to Yon Shia Kia, the governor of the province of Shan Tung. That official has replied informally that he has no news himself, but it is assuring that he will take prompt steps to forward the cipher message. His status at this critical juncture is unfortunately not beyond suspicion, though Mr. Wu retains full confidence in him.

The government here has taken note of the efforts made in some quarters to stir up an agitation against the peaceable Chinese in the United States. It feels it is imperatively necessary to use the entire resources of the government to suppress any movement that would jeopardize their safety. Anything like a massacre of the Chinese in the United States would wreck the whole cause of the United States government in the settlement which must come of this Chinese trouble. Our government could not demand reparation or indemnity from China for whatever happens at Peking or elsewhere in China if the Chinese government through the violence of our people were put in a position to claim a set off growing out of violence shown to this people in the United States.

Mr. Wu says that all the Chinese in the United States come from south China and are altogether out of sympathy with the northern Chinese. In fact they do not even speak the same language. He is sure that there is not a single one of these northern Chinamen in the United States and if there were they would meet with the hostility of the Cantonese. As to the latter, the minister declares they are entirely satisfied with their condition in this country and could not be persuaded to return to China to give aid to any element opposed to Americans.

\$25,000 to be given away

Do you want to guess at the population of the greatest Country on the Globe? If so send your guess and subscription to THE BRYAN WEEKLY EAGLE, or THE MADISONVILLE METEOR, as further explained below, and receive a certificate which will entitle you to participate in the distribution of \$25,000 to be distributed in 1,000 Cash Prizes by the PRESS PUBLISHING ASSOCIATION of Detroit, Michigan, among those making the nearest guess or estimate of the population of the United States and Territories, as shown by the

Official Census of 1900.

We have made arrangements with the Press Publishing Association to enable our subscribers to participate in the distribution of the prizes, amounting to \$25,000.

OUR OFFER:

UNTIL FURTHER NOTICE every one who sends us \$1.00 for one year's subscription to The Bryan Weekly Eagle, or \$1.00 for three months subscription to The Bryan Daily Eagle, or \$1.00 for a year's subscription the Madisonville Meteor, will be entitled to one guess. No advance is made in the price of the paper. The Guess costs you nothing. Just pay us a dollar on subscription, daily or weekly, and make your estimate on the present population of the United States and Territories.

YOUR GUESS.

When you send in your subscription you make your guess. Be sure and write your name, address and guess as plainly as possible. As soon as we receive your subscription we will fill out and send you a certificate corresponding to guess made by you, which will entitle you to any prize you may draw. Be sure and keep your certificate. We will file the duplicate with The Press Publishing Association. Porto Rico, Hawaii, Guam and the Philippines not included in this census estimate.

VALUABLE INFORMATION.

To aid subscribers in forming their estimate, we furnish the following data:

YEAR	TOTAL POPULATION	INCREASE	PER CENT
1790	3,929,214	929,214	31
1800	5,308,483	1,379,269	35
1810	7,320,881	2,012,398	37
1820	9,638,453	2,317,572	32
1830	12,860,020	3,221,567	33
1840	17,069,453	4,209,433	33
1850	23,191,876	6,122,423	35
1860	31,443,321	8,251,445	35
1870	38,548,371	7,105,050	22
1880	50,155,783	11,597,412	30
1890	62,622,250	12,466,467	25

The population for 1900 at an increase of 21% over population of 1890 would be 75,772,922; an increase of 13,150,672.

At an increase of 22% it would be 76,399,144; an increase of 13,776,894.

At an increase of 24% it would be 77,651,588; an increase of 15,029,338.

At an increase of 25% it would be 78,227,812; an increase of 15,655,562.

In Case of a Tie,

or that two or more estimators are equally correct, prizes will be divided equally between them.

This Contest will Close

one month before the population has been officially announced by the Director of the United States Census at Washington, D. C., and The Eagle will announce the date when the guessing will close.

REMEMBER THAT THE FIRST PRIZE IS \$15,000.

The Press Publishing Association has deposited \$25,000 in the Central Savings Bank of Detroit, Mich., for the express purpose of paying the prizes.

The Cash must accompany your order. You get the paper at the regular price. You get the guess absolutely free. Address THE EAGLE, Bryan, Texas, if you wish. BRYAN EAGLE, or THE METEOR, Madisonville, Texas, if you wish to take the METEOR, or call at either office.

Commission is not allowed to postmasters or other agents, when these guesses are made. Postmasters will please take notice.

PRESCOTT WIPED OUT.

Business Portion Burned Causing a Loss of Over a Million.

Prescott, Ariz., July 16.—The fire which started here Saturday night was under control at 3 o'clock Sunday morning. The total loss will exceed \$1,500,000. All that remains of the principal business portion of the town is tottering walls and piles of charred and burning debris.

The fire was controlled by the fire-fighters going a considerable distance in advance of the flames and blowing up the buildings on the southern side of Goodwin street, preventing the flames from crossing the street. The burned district embraces five blocks in which were located the principal mercantile houses, both banks, both telegraph offices, the three newspapers, every saloon and restaurant except one, besides scores of private residences.

A high wind prevailed all Sunday sending smoke, dust and burning embers in every direction, requiring the greatest vigilance to prevent another outbreak of the flames. Owing to the chaotic conditions existing it is impossible to obtain an accurate account of the loss or individual insurance. Insurance agents say the total insurance does not exceed \$500,000.

The only business houses remaining in the town are three drygoods stores, three grocery stores and two drug stores.

Hon. W. A. Clark, of the United States Copper company, who was visiting the works at Jerome, wired a draft for \$500. All the sufferers from the fire are provided with food and it is not thought any outside assistance will be required.

ARSENAL CAPTURED.

Allied Forces Rout Chinese, but Not Without Heavy Loss.

Copyrighted, 1900 by the Associated Press.

Tien Tsin, July 9, via Che Foo, July 12, via Shanghai, July 15.—A force of 2000 foreigners—Japanese, supported by British and Russians—captured the Chinese fortified arsenal, two miles west of the city, making a night attack. They charged under a heavy arsenal fire, following the Chinamen and killing 400. The foreigners loss was heavy, the exact figures not having yet been reported.

The Chinese have been bombarding Tien Tsin heavily for three days. They killed a British sailor on a tug today. Several Frenchmen and other foreigners are mounting heavy guns from the fleet. Four 12-pounders and four 4-inch guns have been placed in position, and an attempt will be made to locate and silence the Chinese guns.

An explosion of dynamite killed 20 Russians.

Two battalions of the Ninth infantry and 300 marines from the United States armored cruiser Brooklyn have been disembarked, started for Tien Tsin at once lighters. As they began to ascend the river the crews of the foreign warships cheered heartily.

Refugees of all nationalities will be taken to Japan by the United States transport Logan.

More Troops for China.

Manila, July 16.—Two battalions of the Fourteenth infantry and Daggett's battery of the Fifteenth artillery will leave for China at once by the transports Indiana, Flintshire and Weyfield. The expedition, which will join the Ninth infantry, will carry 500 rounds of ammunition to a man and a reserve of 1,000,000 rounds, together with medical subsistence, stores and clothing for 5000 men three months. It will also take two 7-inch howitzers, with ammunition.

The hospital ship Relief is going to China.

HUNTING NELSON.

Detectives Search Houses and Barns, but Fail to Locate Him.

St. Louis, July 17.—A dozen St. Louis detectives, armed with riot guns and revolvers made an excursion into St. Louis county and searched several houses and barns in the vicinity of Bridgeton and Florissant in quest of Nelson, the alleged Kentucky train robber who escaped from officers in this city Saturday morning. The effort to locate him was futile.

It is learned that "Nelson" is Channing B. Barnes and is a brother of Charles Barnes, now under arrest here. The Barnes boys, it is learned, formerly lived in Texas.

Chief Desmond has announced that he had obtained a written confession from Charles Barnes implicating his brother and Mike Conley, under arrest in Cairo, Ill., in the train robbery. The chief says he also learned where the valuable papers stolen from the express company's safe are hidden.

Lockout Settled.

Vancouver, B. C., July 16.—After five month's duration, the lockout of the longshoremen by the Pacific Coast Steamship company has been ended. The company as a result of the agreement will allow the union the privilege of listing the men and in return the union agrees to the superintendence of the company's stovedores. The wages are to be 35 cents per hour for day work and 40 cents per hour during the night.

Prominent Kansan Suicides.

Emporia, Kas., July 16.—C. Eskridge, editor of the Emporia Republican and former lieutenant governor of Kansas, committed suicide at his home in this city.

Treaty With Germany.

Washington, July 16.—The president has issued a proclamation of reciprocity treaty with Germany.
